

## Appendix A: Abbreviations for Commonly Used English Words in Journal Titles

Created: October 10, 2007.

Last Update: October 21, 2009.

---

Words that are not abbreviated are indicated by "n.a." in this list. For a more comprehensive list of title word abbreviations, see the ISSN International Centre's *LTWA on-line – Index*

Note: Journal titles consisting of a single word are never abbreviated. Journal titles in character-based languages (Chinese, Japanese, Korean, etc.) are never abbreviated.

**Abdominal**
